

OSCAR POCO

ICT FACILITATOR | SOFTWARE DEVELOPER

Soweto, Gauteng, 1830 | +27 66 085 0741 | +27 81 044 9718 | oscarkylepoco@gmail.com

<https://www.linkedin.com/in/oscarpoco> | <https://oscarpoco.com/>

SUMMARY

Versatile Skills Facilitator | Assessor and Full Stack Developer with extensive hands-on experience in skills program facilitation and assessment, specializing in web and mobile development. Proficient in JavaScript, React, React Native, Next.js, and the MERN stack. Skilled in guiding learners through software development principles, API integration, and system design while building scalable, modern applications across platforms. Demonstrates a proven ability to balance mentorship with technical delivery in dynamic environments. My background encompasses community engagement, technology training, and solution design. I am passionate about continuous learning and developing efficient digital solutions. Additionally, I possess experience in Java development, Python Pandas, Numpy and PowerBI (Junior phase).

TECHNICAL SKILLS

- Backend Development with Java and Node.js
 - Frontend Development with React, React Native, and Next.js
 - Database Management with SQL and NoSQL
- AI, ML, DL and GenAI Foundation (AWS)
 - Python Development (APIs, Backend Logic)
 - Data Structures & Algorithms
- Data Analysis
 - Data Cleaning & Transformation
 - Data Visualization with Power BI

PROFESSIONAL EXPERIENCE

World Wide Industrial Systems and Engineers - Data Analyst (Remote)	July 2025 - Current
- Developed data analysis solutions using Python (Pandas, NumPy), SQL, and Power BI, focusing on data cleaning, transformation, and visualization to support data-driven decision-making. - Delivered end-to-end data analysis projects, including data collection, preprocessing, exploratory data analysis (EDA), and building interactive Power BI dashboards to communicate actionable insights to stakeholders.	
World Wide Industrial Systems and Engineers- Software Development Facilitator (Upington City)	June 2025 - Current
- Delivered engaging, curriculum-aligned training sessions (Occupational Certificate: Software Developer – SAQA ID: 118707), ensuring effective use of materials, interactive learning, and support to help learners achieve both theoretical and practical milestones. - Assessed learner progress, maintained accurate records, and collaborated with administrative teams to ensure smooth program delivery and continuous learner development.	
mLab CodeTribe Academy - React Developer (Soweto Diepkloof)	July 2024 - March 2025
- Developed responsive web applications utilizing React, Node.js, Express, MongoDB, and Firebase, as well as mobile applications with React Native, Expo, Node.js, Express, MongoDB, and Firebase. - Successfully built a full-stack web application from inception, incorporating back-end services, front-end interfaces, and database integration. - Responsible for designing the user interface and user experience (UI/UX) for various small, medium, and micro enterprise (SMME) projects.	
Power Learn Project Academy - Website Development Intern (Remote)	January 2023 - May 2023
- Developed a functional and visually appealing website utilizing HTML and CSS, thereby enhancing my front-end development skills. - Engaged in the art of pitching to sponsors and effectively presenting projects to secure support and resources. - Enhanced my ability to articulate ideas clearly, both in written and verbal formats, facilitating effective collaboration and impactful presentations. - Collected, organized, and analyzed data to inform decision-making and improve project outcomes. - Calling all the Power Learn Project Academy Alumni from South Africa, asking for feedback from them about the Power Learn Project experience.	

EDUCATION

National Senior Certificate (NSC NQF4) N'wanati High School Major: Mathematics and Physical Sciences	November 2018 - Completed
Diploma in Software Development (Distance Learning) Rosebank College Major: Mobile and Web Development	1st Year - Currently Enrolled

REFERENCE

WWISE +27 72 634 5403	Sebatatso Mollele - Senior IT Facilitator sebatatso@wwise.co.za

CERTIFICATES

- React Developer** (IITPSA Accredited)
- Assessor** (ETDP - SETA)
- ISO 27001** Information Security Management Systems
- Full Stack Development** (32 Credits)
- Web Development
- Cyber Security Foundation
- Oracle Cloud Infrastructure Foundations** (Expires in 2028)

ADDITIONAL INFORMATION

- **Technologies** : React , React Native, MongoDB, Node, Express, Figma, Git, React Redux, SQL, JavaScript, TypeScript, Next Js, Java, Firebase, Jira, Cursor, AI
- **License** : Driver’s License code 10 C1
- **Availability** : 2-3 Weeks of Relocation
- **Additional** : Willing to relocate at own cost anywhere in **South Africa**. I can relocate overseas, but not at my own cost.

ADDITIONAL PROFESSIONAL EXPERIENCE

Knowledge and Faith - Tutor (Volunteering)

January 2023 - June 2025

- Provided tutoring in Mathematics and Science to learners in Grades 8, 9, 10, and 11, helping them understand key concepts and improve academic performance.
- Developed structured lesson plans, practice exercises, and revision strategies tailored to individual learning needs.
- Assisted students with exam preparation, homework, and problem-solving techniques, focusing on building confidence and critical thinking skills.
- Created a supportive and engaging learning environment to enhance student participation and results.

City of Joburg - Jozi Ihlomile Educator (Ennerdale Lawley 2)

January 2023 - June 2024

- Door to Door Educator Primary Function: - To Educate members of the community during door to door education campaigns in priority wards, about HIV & AIDS, TB, STD, Substance abuse, Sigma and other health, Social matters and to refer those in need to relevant local services for poverty relief, social support and health care according to their needs

PERSONAL PROJECTS

Personal Portfolio

<https://oscarpoco.com/>

- Developed and deployed responsive web applications using React, Vite, and CSS, focusing on performance and modern UI/UX design. Implemented smooth animations and interactive user experiences with Framer Motion, while optimizing build speed and application efficiency using Vite. Successfully deployed and managed projects on Vercel, ensuring fast load times, reliability, and seamless user access across devices.
